

CoolSlimming

Ultimate 360°

- 13 Various Applicators for Any Area
- Fast and Easy Applicator Exchange
- Any Treatment Area at Any Angle
- Upgraded 360° Surround Cooling angle
- 20% More suction, Increased Coverage
- Treat 4 Areas At The Same Time

Fast and Easy Applicator Exchange

With a simple press-and-release mechanism, the CoolSlimming Ultimate 360° allows maximum convenience and makes switching cooling cups as simple as possible. Detaching cables or turning the system off is not required even during treatments.

Treat 4 Areas Simultaneously in Only 45 Minutes

The CoolSlimming Ultimate 360° is equipped with an expandable range of applicators that makes it easier than ever to achieve significant results on the most challenging of areas.

Upgraded Technology for Enhanced Results

The upgraded 360° surround cooling of the CoolSlimming Ultimate 360° delivers cooling energy throughout the entire applicator and makes it possible to reach the designated treatment temperature at a faster rate, thus increasing efficiency by up to 18%.

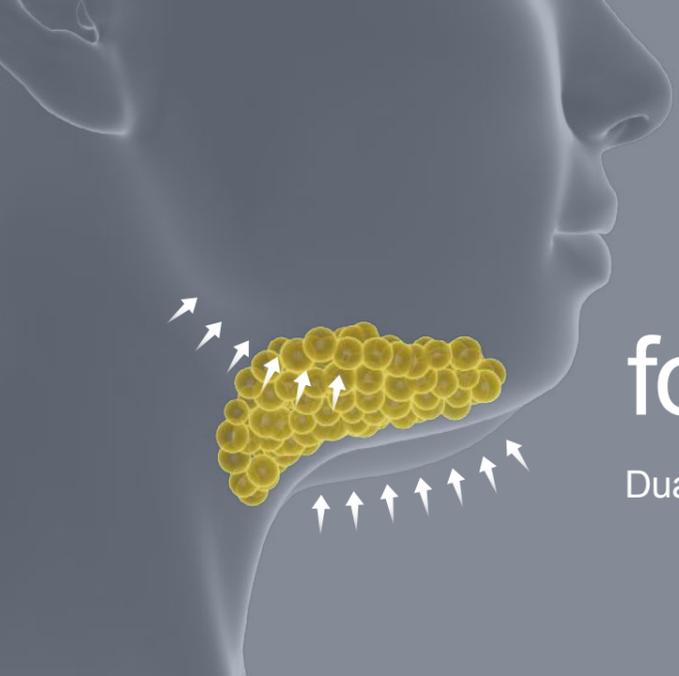

Adjustable Levels

Not only is the CoolSlimming Ultimate 360° capable of 20% stronger suction, it also provides the ability to adjust both cooling and suction levels to confidently provide customised treatments for client's.

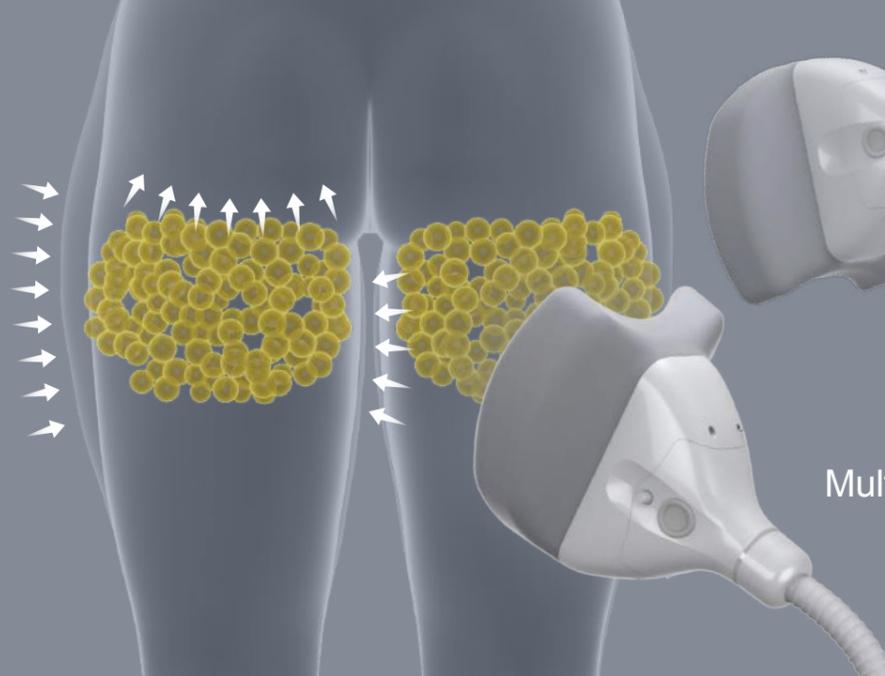

Our clinical results confirmed that non-invasive fat cooling results in adipocyte cell death and apoptosis over time.

It has the world's first 360° cooling panel that can deliver cooling energy more effectively than the conventional two-sided model.
